OUR MISSION:

To design and develop innovative digital platforms, gamified experiences, immersive activations, and high-quality games that transform engagement and deliver measurable impact for organizations and audiences.

OUR VISION

To become the region's leading provider of gamified digital platforms, immersive experiences, and interactive technologies that redefine engagement across industries.

OUR POSITIONING:

Gamification is no longer optional. It is a core component of successful digital transformation and modern customer experience.

We unify enterprise platforms, activations, serious games, and entertainment under one strategic capability: **Engagement Technology.**

Three Units. One Ecosystem

Gamified Platforms:

Enterprise-grade platforms driving engagement, learning, loyalty, and behavioral change through game mechanics.

- Loyalty & Rewards Systems
- Employee Engagement Platforms
- Learning & Training Systems
- Customer Experience Platforms
- Digital Transformation Solutions
- Behavioral Engagement Systems

Game Development:

Full-cycle game development from concept to launch. Mobile, PC, console. Branded, serious, and entertainment titles.

- Mobile & Web Games
- Multiplayer Experiences
- Educational & Serious Games
- Branded & Trivia Games
- 2D / 3D Asset Creation
- Sound Design & Music

Interactive Activations:

Immersive brand experiences, event gamification, and interactive installations that create lasting impressions.

- Event Gamification
- Immersive Brand Experiences
- AR / VR Experiences
- Interactive Installations
- Smart Engagement Activations
- Experiential Campaigns

ADDITIONAL SERVICES:

Web Design & Development · Mobile Applications · E-Commerce & SEO · IT Procurement & Supplies · CCTV & Security Systems behavioral change through game.

LICENSED TO PUBLISH ON:

Apple App Store · Google Play Store · Steam (PC) · Nintendo · PlayStation · Web Platforms

The distinction between a "gaming company doing business solutions" vs an "engagement technology company that masters gamification and games" is what positions COREGAME as a strategic partner, not just a vendor.

Khawi (خوي)

CLIENT

Internal Security Forces • Lekhwiya

Qatar Ministry of Interior (ISF)

COREGAME's most prestigious game project, developed for the Internal Security Forces (Lekhwiya) of Qatar's Ministry of Interior. a fully 3D mobile action game featuring authentic ISF tactical uniforms, Lekhwiya insignia, and Arabic-first gameplay.

Player's command ISF soldiers through dynamic missions across Qatari-inspired urban streets, desert roads, and athletic tracks.
